#Budget2019 is a Bédhadak (All guns blazing) celebration of new India.

Kiran Mazumdar Shaw
@kiranshaw

#Budget2019 An 'election year' Budget that expectedly has something for everyone, from farmers to traders, workers in unorganized sector to the salaried middle class.

With an election barely 100 days away, it is natural to think about votes. In 2014, another government was probably thinking of amassing notes.
